

Gas detector for area surveillance

Crowcon Detective+ 3 gas detector
For area monitoring of gas concentrations

Description	Length	Width	Height	Weight
Alu transport case	58 cm	58 cm	60 cm	12 kg

Gas:	O ₂ , CH ₄ , H ₂ S (optional CO)
Alarm:	Ultra-loud 104 dBA sounder and red LED cluster alarms
Battery life:	Approximately 60 hours
Pump:	Built in
Operating temperature:	-20°C to +40°C
Logging:	Adjustable sample rate, 100 hours @ 1 minute sample rate
Connections:	Up to 12 detectors linked, PC interface
ATEX rating:	ATEX II 2G EEx ib d IIC T4
Ingress protection:	IP65
Dimensions:	640 h x 455 w x 455 d mm
Weight:	7.5kg
Battery charging:	Safe area only
Typical response times:	Methane 20 s, Oxygen 10 s, typical toxic gas 20 s
